

The 2014 Shell V-Power LEGO® Collection

Available at Shell stations island-wide from 29 Aug to 30 Nov 2014

Ferrari F138

- The F138 is the fifty-ninth car built by Scuderia Ferrari specifically to take part in the 2013 FIA Formula One World Championship™, and was driven to two Grand Prix victories by Fernando Alonso in the same year. The name combines the year of production and the number of cylinders – the eighth and final year of the competition for the V8 engine.
- 42 bricks are used in this model
- Available 29 Aug – 11 Sep 2014

Finish Line and Podium

- This playset includes a start/finish line, winner's podium, Scuderia Ferrari Engineer LEGO Minifigure, pit board and checkered flag.
- 63 bricks are used in this model
- Available 12 Sep – 25 Sep 2014

Ferrari 250 GTO

- The 250 GTO is one of Ferrari's most legendary GTs ever produced. Debuted in 1962 with only 39 ever made, it is one of the rarest and most sought after of vintage Ferrari models in the world.
- 42 bricks are used in this model
- Available 26 Sep – 9 Oct 2014

Ferrari 512 S

- This 5-litre V12 GT racer was produced in 1970 and debuted that year at the 24 Hours of Daytona, before going on to race at the 24 Hours of Le Mans and in the World Sportscar Championship through the 1970-71 seasons. Only 25 were ever produced. Scored 4 overall wins and 2 category wins.
- 49 bricks are used in this model
- Available 10 Oct – 23 Oct 2014

Shell Station

- This playset is modeled after the Shell station on Ferrari's Fiorano track in Maranello and comes with a Shell Fuels Scientist LEGO Minifigure.
- 79 bricks are used in this model
- Available 24 Oct – 6 Nov 2014

Ferrari F12berlinetta

- Debuted in 2012, the F12berlinetta is powered by a 730 BHP naturally aspirated V12, and was Ferrari's fastest ever road car.
- 44 bricks are used in this model
- Available 7 Nov – 20 Nov 2014

Shell Tanker

- Shell Tankers transport fuel to more than 40,000 service stations worldwide each day.
- 93 bricks are used in this limited-release model, and is the only vehicle in the Shell V-Power LEGO Collection that does not feature the pull-back motor
- Available 21 Nov – 30 Nov 2014

Redemption Mechanics
